

Aristokraft®

A modern kitchen featuring a central island with a dark blue base and a light-colored countertop. The island is topped with a breakfast spread including orange juice, croissants, and a small bowl. The surrounding cabinetry is white with a classic shaker-style design. A stainless steel refrigerator is on the left, and a stainless steel oven is in the center. A wooden range hood is mounted above the oven. The backsplash is a light, textured material. A patterned rug is on the floor.

PureStyle™

ON TREND AND IN DEMAND

The right look for right now.

Delivering colorful fashion without the fuss, PureStyle offers all the right benefits that homeowners desire today:

- Scratch resistance
- Fade resistance/color stability
- Impact resistance
- Dimensional stability
- Surface water resistance

THE DURABILITY OF LAMINATE WITH THE BEAUTY OF PAINT

Does it get any better than this?

- PureStyle resists moisture, warping, expansion and contraction making it ideal for high moisture areas
- Cracking and open joints due to changes in humidity aren't an issue with PureStyle doors

5-PIECE CONSTRUCTION

Authenticity matters.

- Boasting true 5-piece construction, PureStyle doors emulate the same details found on painted wood doors for the authentic look and smooth touch of painted cabinetry

INTENTIONAL ENGINEERING

Thoughtful design delivers superior products.

- Wrapped components affords clean-lined durability.
- Precision bore and dowel construction offers meticulous joinery and lasting strength.

PROVEN PERFORMER

Life gets messy.

Rigorous testing as prescribed by the Kitchen Cabinet Manufacturers Association assures that PureStyle can stand up to the everyday challenges life has to offer

PureStyle meets or exceeds all KCMA requirements

PREDICTABLE PURESTYLE

When consistency counts.

- Color consistency without the variability often seen by various wood types
- Surface pattern and grain definition regularity for a fashionable, clean-lined aesthetic
- PureStyle products pair well with minimalistic design trends

CLEANS BEAUTIFULLY

Because we can't guarantee that the kids (or adults) will clean up after themselves.

- A simple solution of dish soap (5%) and water (95%) is all it takes for restoring order to PureStyle cabinetry
- Pair the solution with a clean cloth for fighting grime and a clean, soft cloth to dry

UNMATCHED BENEFITS

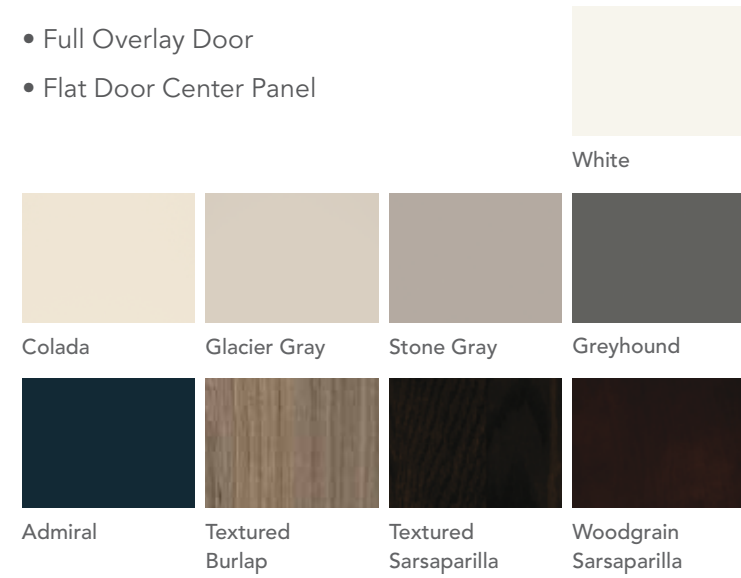

Feel great about your investment

- PureStyle offers a more stable appearance over time, with less visible changes to surface appearance
- Consistency of PureStyle products may result in reduced post-install issue, leading to faster project closings

SETTING EXPECTATIONS FOR THE USE OF TEXTURED PURESTYLE

Door details

When consistency counts.

Full overlay 5-piece wrapped door and drawer fronts are the only part of the cabinet that are textured, and may have variation in grain coloration.

- Flat Door Center Panel
- Vertical grain pattern on door center panel
- MDF core ensures a consistent and stable product

Think through every design

Carefully consider how the non-textured and textured finishes will “read” in the finished project. Either can be used as accents or the focus, but both elements must be thoughtfully planned.

- Cabinet sides are not textured and are the same color as the face frame: Burlap or Sarsaparilla
- Laminate End Panels are available in Textured PureStyle
- Decorative End Panels are available in Textured PureStyle
- Glass door interiors will match cabinet sides and face frame

For convenience and ease of designability

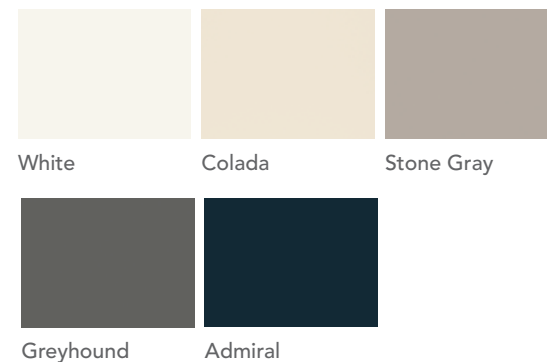

A selection of moulding, trim and panel options add the finishing touch.

- Various stock panels are available in Textured PureStyle; panel grain direction is vertical
- A selection of Moulding and Trim pieces are available in Textured PureStyle

Tilden

- Partial Overlay Door
- Mitered Construction
- Flat Door Center Panel

Design and Product Considerations for Textured PureStyle

- Diagonal Wall Cabinets, Oven Cabinets and Tall End Panels with Fillers (1.5", 3") WILL show the cabinet frame color.
- Square Corner Wall or Wall Easy Reach cabinet preferred for corner use
- Order an Overlay Filler for use on Square Corner Wall and Base Cabinets as well as other filler locations to minimize frame color
- Some specialty cabinets are not Textured PureStyle. i.e. Wine Storage, Wine Cube, open cabinets, etc.
- Accessories (legs, feet, corbels etc.) are not available in Textured PureStyle
